SUMMARY

Motivated BCA final-year student with hands-on experience in Generative AI, Agentic AI, and Data Analytics. Proficient in Python, LangChain, LangGraph, Retrieval-Augmented Generation (RAG), Large Language Models (LLMs), Power BI, and Excel. Experienced in building AI-powered applications, intelligent agents, and interactive dashboards to solve real-world problems. Passionate about AI innovation, data-driven decision-making, and continuously expanding technical expertise.

WORK EXPERIENCE

Generative AI and Agentic AI Intern 06/2026 – 07/2026
Geeta University(Coding Blocks) Naultha

- Built AI applications using Python, LangChain, and LangGraph.
- Developed Retrieval-Augmented Generation (RAG) pipelines for document-based question answering.
- Integrated LLMs using the Groq API and implemented prompt engineering techniques.
- Built and tested AI agents with tool calling and memory.

Data Visualization Intern 06/2025 – 08/2025
Geeta University(Coding Blocks) Naultha

- Developed interactive dashboards using Power BI to analyze datasets and generate insights
- Cleaned and transformed raw data using Excel and Power BI tools
- Improved reporting efficiency through visual analytics
- Strengthened analytical and problem-solving skills through real-world projects

EDUCATION

BCA 2024
Geeta University Naultha
CGPA- 6.04

Higher Secondary Education 2023 – 2024
Dyal Singh Public School Panipat
Percentage-75.8%

Secondary Education 2021 – 2022
Dyal Singh Public School Panipat
Percentage- 68.6%

PROJECTS

Blinkit Dashboard

- Built an interactive Blinkit-style sales dashboard in Power BI with dynamic KPIs, visual insights, and automated data cleaning.
- Applied DAX measures and slicers to analyze performance trends, improve decision-making, and showcase real-time business insights.

Attendance Sheet

- Designed an automated Attendance Management Sheet in Excel using formulas, data validation, and conditional formatting for accurate daily tracking.

- Streamlined attendance recording with dynamic summary reports, improving clarity and reducing manual errors.

AI News Aggregator & Summarizer Agent

- Developed an AI-powered news aggregation and summarization application using Python.
- Built an agentic workflow with LangChain and LangGraph to retrieve, process, and summarize news articles.
- Integrated the Groq API to generate concise, context-aware summaries using large language models.
- Implemented modular architecture, input validation, and memory for improved performance and maintainability.
- **Tech Stack:** Python, LangChain, LangGraph, Groq API, Brave Search, Google Colab, GitHub.

RAG Document Question Answering System

Personal Project

- Developed a Retrieval-Augmented Generation (RAG) application to answer user queries from uploaded documents.
- Implemented document chunking, embedding generation, and semantic search using ChromaDB.
- Integrated LangChain with Groq LLMs to generate accurate, context-aware responses.
- Built a scalable pipeline for document ingestion, retrieval, and response generation.
- **Tech Stack:** Python, LangChain, ChromaDB, Groq API, Google Colab, GitHub.

SKILLS

: Python | C++ | Linux Programming | MySQL | Data Visualization | Data Structure and Algorithm | Power BI | MS Excel

CERTIFICATES

Prompt Engineering with ChatGPT
simplilearn SkillUP

Introduction to IoT
simplilearn SkillUP

Basic Linux Fundamentals
Red Hat

ACHIEVEMENTS

Participant – National Financial Literacy Quiz (2025–2026)	2025
Participant – DEBUGIT, IIT (BHU) Varanasi (2024)	2024
Participant – Viksit Bharat Young Leaders Dialogue (2025–2026)	2025

PROJECTS & PRESENTATIONS

EcoTex – Eco-Friendly Geotextiles for India (Observer & Co-Presenter) – Integrated Family Business project, Geeta University, 2025–2026 2025

- Co-presented a business concept on eco-friendly geotextiles focusing on sustainable infrastructure solutions
- Contributed to market research, feasibility analysis, and go-to-market strategy
- Gained exposure to business planning and product viability assessment

Krishi Kalam – Smart Agro Pen for Farmers (Presenter) – Idea presentation, Geeta University, 2024–2025 2024

- Presented an innovative agri-tech concept for a smart pen to analyze soil fertility and weather conditions
- Developed idea presentation and improved problem-solving and communication skills
- Explored real-world applications of technology in agriculture
